

Your Needs – Our Mission

EZER MIZION BONE MARROW DONOR REGISTRY

Caring for people before
they know they will need us

The Big Numbers (as of 01/01/25)

1,227,578
members in the
bone marrow
registry

6th
largest bone
marrow registry
in the world

5,611
lifesaving
transplants

48
countries
around the world

Highest
per-capita registry
membership globally!

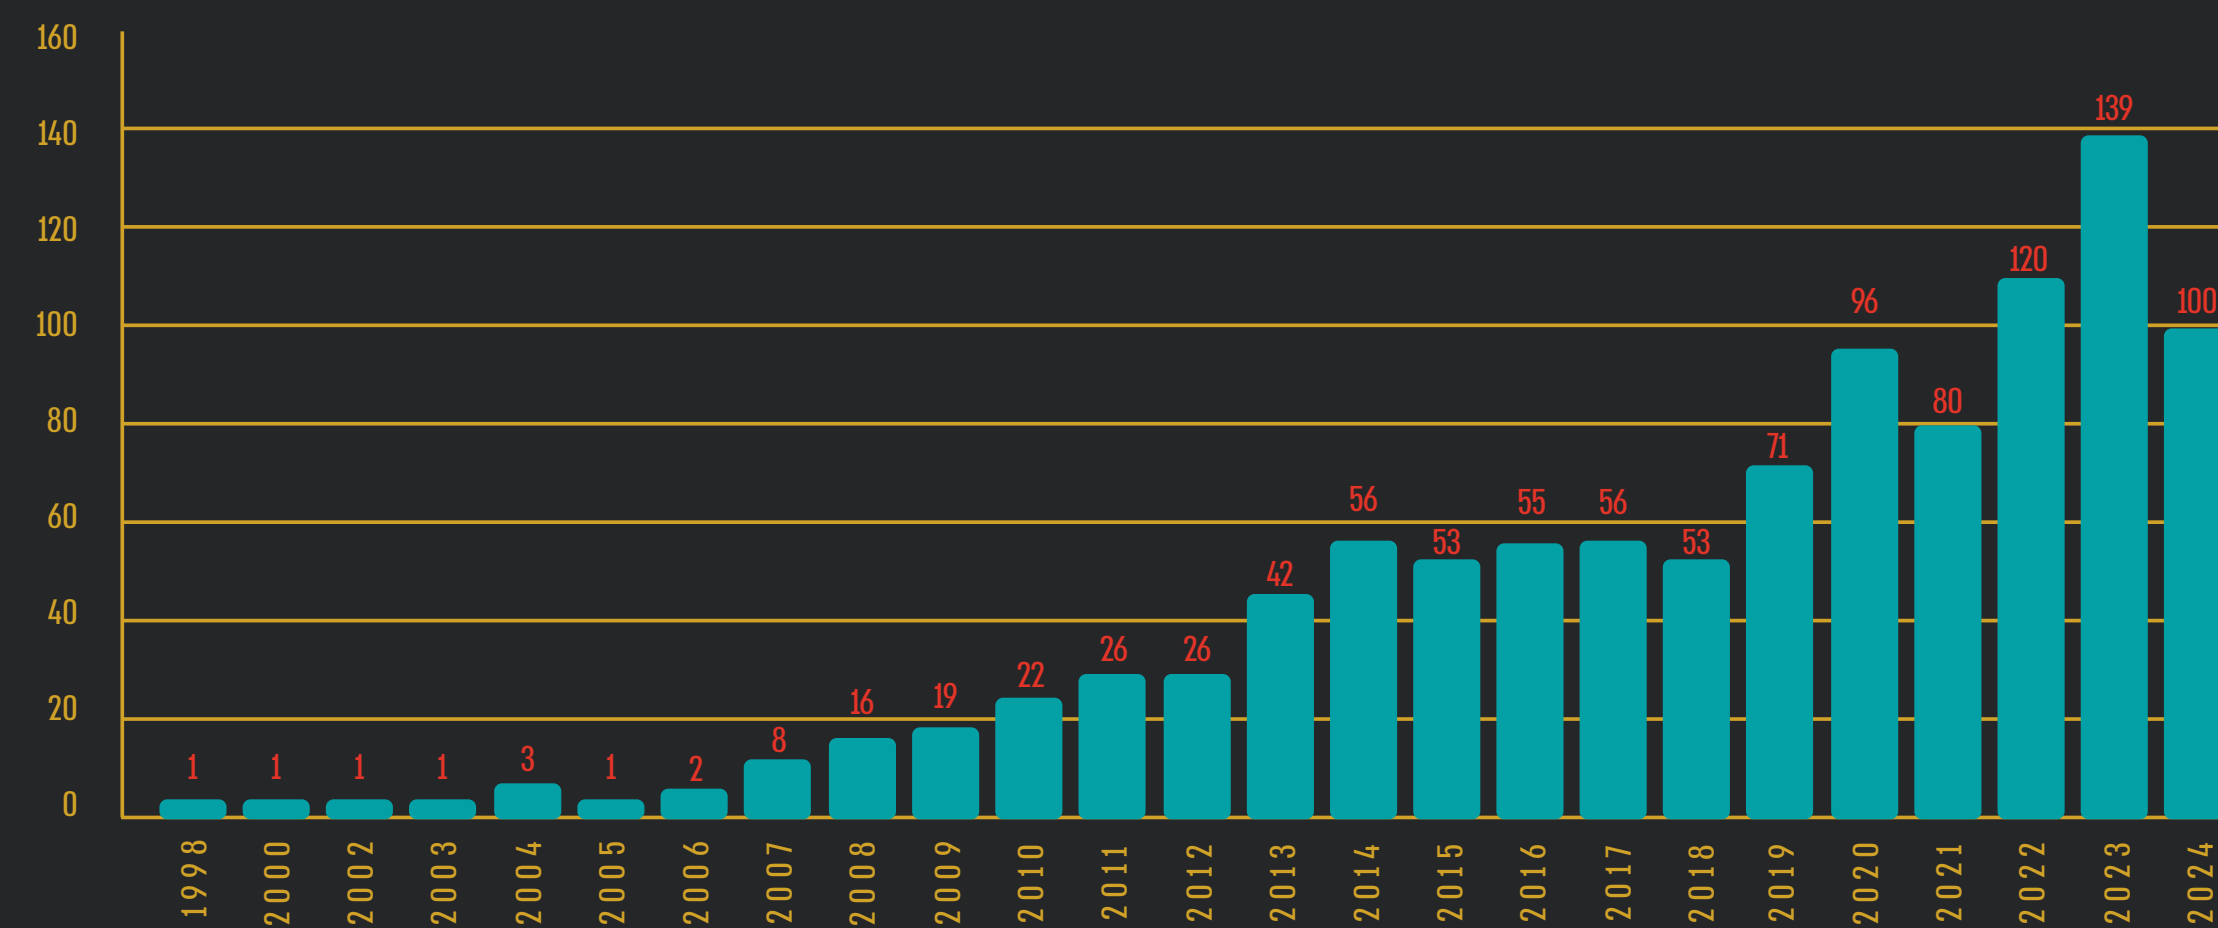

Ezer Mizion's bone marrow donor registry is a lifeline for patients for whom a stem cell transplant is the only hope of recovery from cancer and other serious illnesses.

Thousands of patients have survived the battle with cancer and blood disorders and are thriving today thanks to a stem cell transplant from a matching donor from Ezer Mizion's registry.

Ezer Mizion is the only hope for many cancer patients across the globe. Your involvement will enable the registry to grow and save more lives.

A second chance at life for patients in the USA

1,059 patients saved
by Ezer Mizion in the
USA in 34 states!

Stem cell transplants rely on genetic/ethnic
matching. Jewish patients who need a stem
cell transplant will need a Jewish donor.

We are here for
every patient!

Enlarging the registry because every patient counts

When a patient needs a stem cell transplant it is usually the only option for survival and recovery. Every patient counts! We want to be able to say: "Yes! We have a match!" to everyone who needs a stem cell donor.

**Partner in our campaign to grow Ezer Mizion's registry
and make sure that every patient gets a second chance.**

Younger is Better!

23% of Ezer Mizion's registry is <25, which is significantly higher than the global average! Younger donors are preferred by transplant centers, with better outcomes and greater transplant success.

Ezer Mizion – a lifeline for people across the globe who are facing health challenges

Partnering with Government Ministries and local municipalities throughout Israel to make the best health care accessible and to actualize entitlements. Operating on the highest regulatory standards, ISO approved.

If saving lives is important to you, your place is with us!
